Project Consistency Review

The purpose of the Project Consistency Review is to document the goals and policies of the 2045 Regional Transportation Plan (RTP) consistent with a multimodal transportation project not included in Chapter 6. Approval of this Project Consistency Review certifies that a project is consistent with the 2045 RTP. Projects listed in Chapter 6 of the RTP do not need to complete this application; those projects were reviewed for consistency at the time the RTP was adopted.
